Dear delegates,

Welcome to Advanced lung function tests, workshop at NAPCON, Hyderabad, 2023. Enhance your skills to perform and interpret advanced lung function tests. Our esteemed faculty will be delivering lectures and demonstrating hands-on experience through interactive case discussions during this workshop.

Highlights of Workshop

Explore lung Oscillometry

- Know the mechanical properties of lung by using sound waves

Know your lung volumes and respiratory muscle function

Bringing CPET to practice

- Know your equipment and protocols of testing
- Key variables and their meaning
- How do I interpret the report?

Clinical Utility of Fractional Exhaled Nitric Oxide in Asthma Management

What is new?:

- Double Diffusion Capacity
- Eucapnic Voluntary Hyperventilation : A Non Invasive Broncho-provocation test
